Report dated 2001-03-22 from General Manager of Corporate Services.

By-law description: This by-law establishes a policy for the delivery of municipal services in both official languages in the City of Greater Sudbury.

***Description du règlement: Ce règlement établit une politique sur la livraison des services municipaux dans les deux langues officielles dans la Ville du Grand Sudbury.***

Report Item

Greater Sudbury enjoys the third largest Francophone population in Canada outside of Quebec. Approximately 50,000 residents list French as their mother tongue.

A number of Area Municipalities have historically provided services in both official languages in their respective communities, including the Region of Sudbury, the City of Sudbury, the City of Valley East and the Town of Rayside-Balfour.

The former Regional Council, through resolution, unanimously endorsed an enhanced and expanded level of French-language services for the new City, as did the Transition Board.

Attached is a proposed policy on the delivery of municipal services in both official languages in the City of Greater Sudbury. The policy recognizes the importance of providing French-language services in response to community needs. The policy includes proposed operational guidelines for implementation.
